

## Basic ThetaHealing(TM) DNA I & II Seminar

ThetaHealing™ is a powerful energy healing technique that has helped people achieve miraculous recoveries from a wide variety of conditions. It is a remarkable tool that is helping people world-wide transform their lives to create health, wealth, prosperity, and happiness quickly and easily. Come join us to learn to do the following:

- Bring yourself quickly to a theta state without losing consciousness
- Learn and utilize muscle testing to check subconscious beliefs on yourself and others
- Change subconscious belief programs instantly
- Perform intuitive body scans
- Connect with Source energy to facilitate instant healings
- Communicate with your guardian angels
- Identify and change self-sabotaging beliefs that underlie illness, injury, or unhappiness
- Manifest money, health, a soulmate or anything else you choose to create in your life
- Perform remote viewings, future and past readings
- Collect and focus energy to perform group healings
- Understand the science that explains how and why ThetaHealing works
- Learn how ThetaHealing can support other holistic and conventional modalities
